

THE BOISVERT UPDATE – May – June 2019

DISCLAIMER: Our graphic design artist, who assembles our prayer letter, is in the midst of moving and is unavailable for a few months. That is already very obvious, I know. However the good news is he will be back LORD willing and provided Jesus does not return for us first, by our next update.

We are so thankful for every remembrance of you, our praying partners! The love expressed to us as many of you reached out to us at the death of Doug's mom in April was amazing. We keep learning of those who also prayed for us during that loss. Thank you for that fellowship before the throne of God.

We did report in short emails about the way God worked not only in our lives, but for the Mongolian teaching module scheduled for that week of the funeral. I will remind you of the highlights that you can once again praise Jesus for answering our prayers and working in His perfect way.

The Mongolian teaching module did go on without Doug traveling that week. He was able to coordinate things from Stateside to get the other two American adjunct teachers connected to the Mongolian leadership coordinating that week's teaching. Timothy Weeks had to travel alone for the first time into Mongolia through Beijing. Christian Pilet is a former Mongolian missionary but it was his first time to be the lead TRI-M missionary for a training module. These men worked seamlessly with the Mongolian Leaders to get all but one of the scheduled classes up and running. Doug was scheduled to teach two of the 6 courses set up for that week. The two Mongolian teachers did pick up one of those courses to keep the advance group on target for a September 2019 Graduation.

As most of you also know, at the end of the week in Mongolia, Timothy Weeks contracted Bells Palsy. One side of his face went numb. If we understand correctly, the immediate local Emergency rooms and clinics were closed. However through technology Tim was able to consult with his daughter trained in the medical field, to rule out the possibility of a stroke. Tim is recovering, working around the limitations of one side of his face not cooperating. Please continue to pray for a full recovery soon.

MONGOLIA IN SEPTEMBER 2019

As mentioned, the 3rd group of Mongolian Church Leaders is set to Graduate in September 2019. Four Couples are planning to go teach with the special time for the wives and Female Students for two days following graduation. This will increase the Church Leaders who have been networking within their own group, by giving the wives opportunity to meet each other as well and forming bonds to increase that network opportunities. It is an exciting time for everyone.

With the number of Graduates from many regions of Mongolia increasing, the Mongolian Leadership is seriously seeking to have a gathering of past Graduates and current students for a refresher program of some kind. This is to keep in touch with all these Church Leaders as well as to increase the networking between the different groups that graduated at different times. This is the same reasoning the Apostle Paul voiced as he purposed to go on the second missionary journey, to encourage those they ministered to on the first missionary journey. We are talking how this might be possible, so please pray for wisdom and creativity. One hurdle is the finances for such a large group coming together. If any are interested in seeking to assist in sponsoring such a one –time gathering please ask for more details about this venture.

SSEST – South Sudan Evangelical School of Theology

The South Sudanese Leaders are taking the TRI-M training into more refugee camps for the South Sudanese who have fled to Uganda. This has given them great opportunities to cross tribal and traditional obstacles that would be a problem if they had been in their own country. It also has opened some new challenges.

One new student has received much attention in the group. She is an 18 year old Muslim girl that has received Christ through the student evening outreaches after classes. Her family has rejected her and the Local Church within the camp has sought to take care of her. Without a family to claim her she could be treated harshly without any consequences. However with the Church family taking her in, she now has protection. The Church has no income or resources but is raising money for the school fees for this new sister in Christ. She is a good student and could easily qualify for free University training if she can finish her Secondary Schooling (High School Degree). It costs the equivalent of \$100 each semester twice a year. If any of you are sensing the Holy Spirit's leading to assist in this, contact me by text, email, or phone and I can give you more details.

We are so thankful for the opportunity the LORD gave us to get away to refresh our body and spirit in May. Thank you for those who knew of this and prayed for this to restore our soul and continue to build into our marriage. The LORD knew what we needed and provided a great time of refreshment.

Thank you for joining us in praise and prayer for these opportunities for God's glory to be shine.

The Boisvert Update is published bimonthly as a service to interested friends and supporters.

Boisvert's sending church is Springville Baptist in Springville, Pennsylvania.
